A Concise History of Western Music: .de: Paul ...

The title is accurate this is truly a concise history of western music, particularly the music of the church. My music professor thought a few sections were a little too simplistic and was able to provide more context in those areas, but on the whole it was a really helpful book and I learned a lot about where the church has been musically through the centuries.

A Concise History of Western Cultures | SpringerLink

This chapter provides an overview of Western culture according to its historical development—that is, from the Classical Period, through the medieval period, the Middle Ages, the Renaissance, and then Romanticism, to modern culture in the West. It focuses on the key cultural aspects of language and literature, theology and philosophy, the institution of parliament and education, architecture, art and music, thoughts, literature, theatre, and sculpture.
