Vsevolod Meyerhold – Russiapedia Cinema and theater ...

Vsevolod Meyerhold was a Russian and Soviet actor and theater director, and the creator of a new acting system called “biomechanics”. It is hard to overestimate his role in the development of the Russian theater.

Vsevolod Meyerhold

Meyerhold continued theatrical innovation during the decade 1907–1917, while working with the imperial theatres in St. Petersburg. He introduced classical plays in an innovative manner, and staged works of controversial contemporary authors like Fyodor Sologub, Zinaida Gippius, and Alexander Blok.

Meyerhold's Biomechanics for Theatre | The Drama Teacher

– Increasingly, Meyerhold's non realistic, avant garde, experimental theatre productions came under close scrutiny from government censors, as much of his work was risky and opposed to Stalin's official policy for the arts, that of socialist realism.

Vsevolod Yemilyevich Meyerhold | Russian theatrical ...

Vsevolod Yemilyevich Meyerhold, Russian theatrical producer, director, and actor whose provocative experiments in nonrealistic theatre made him one of the seminal forces in modern theatre. Meyerhold became a student in 1896 at the Moscow Philharmonic Dramatic School under the guidance of Vladimir
